Proficient in

C, C++, Java,
Javascript, Swift, Ruby,
HTML/CSS, AngularJS, NodeJS,
Git, MongoDB.

Familiar with

Rails, MeteorJS.

Safe

Building an iOS application for the safety of people, application allows users to set a timer and get help.

ESSENCE

Great things come from a combination of vision and enthusiasm. I'm driven to create solutions to the problems that people confront everyday, everything that adds friction and gets in way of life. These solutions enable people to be more creative and do great things.

EXPERIENCE

CARTIFY

Dec, 2015 to Present

Founder and Chief Technology Officer

- Working on both front-end, back-end and mobile application development to build a hyper local delivery startup that allows users to buy groceries and household items from their favourite local stores.
